CORPORATE OVERVIEW • WHO WE ARE

A MULTIDISCIPLINARY ADVISORY PARTNER

Destination Consultancy (Private) Limited is a premier, Sri Lanka-based multidisciplinary management and investment consultancy firm headquartered in the heart of Colombo. Positioned at the crossroads of South Asian commerce, we serve as a strategic bridge and execution partner for international investors, global corporations, development agencies, and ambitious domestic enterprises looking to establish, scale, or transform their operations in Sri Lanka and across the region.

Whether you are a foreign investor evaluating market entry under the **Board of Investment (BOI)** or **Colombo Port City** frameworks, an industrial leader aligning with international **ISO and ESG standards**, or a fast-growing business building a **BPO centre or digital growth engine**, Destination Consultancy provides integrated, end-to-end solutions under one roof.

OUR VISION

To be the most trusted strategic advisory and execution partner for sustainable investment, enterprise transformation, and cross-border business growth in Sri Lanka and the region.

OUR MISSION

To empower investors and enterprises with actionable intelligence, seamless regulatory navigation, sustainable frameworks, and end-to-end operational support—turning complex market opportunities into lasting commercial success.

OUR CORE PILLARS

STRATEGIC INSIGHT

Data-driven feasibility studies, market intelligence, and rigorous commercial structuring.

REGULATORY NAVIGATION

Direct coordination across BOI, Port City Colombo, and line ministries for seamless approvals.

HANDS-ON EXECUTION

We go beyond advisory—supporting incorporation, recruitment, setup, and operational launch.

GLOBAL STANDARDS

Aligning local enterprises with international ISO, ESG, and digital best practices.

HOW WE WORK • FROM FIRST CONVERSATION TO LONG-TERM OPERATIONS

01
DISCOVER

Understand your commercial objectives, market context, regulatory requirements, and operational priorities.

02
STRUCTURE

Design the optimal market-entry vehicle, project finance architecture, compliance framework, or operating model.

03
EXECUTE

Coordinate statutory approvals, legal documentation, local partners, facility implementation, and delivery milestones.

04
SCALE

Support ongoing operational optimisation, ISO/ESG governance, digital adoption, and long-term regional expansion.

LEADERSHIP & GOVERNANCE • SENIOR INVOLVEMENT

BOARD OF DIRECTORS

Every client engagement at Destination Consultancy is guided by a director with domain-specific operational experience across investment facilitation, sustainable infrastructure, digital transformation, and capital markets.

Shaameel Mohideen

EXECUTIVE DIRECTOR & CEO – INVESTMENT FACILITATION & MARKET ENTRY

MBA (Australia), CMA (Australia), MABE (UK), FCPM, AM (SLIM), FSLID, JP (All Island)

Specialises in BOI and Port City Colombo advisory, government approvals, market entry, corporate services, project structuring, and cross-border partnerships. Provides institutional navigation, investor facilitation, regulatory coordination, and international business connectivity across key global investment corridors.

BOI & PORT CITY | MARKET ENTRY | PROJECT STRUCTURING | INVESTOR FACILITATION

Azad Hamdoon

DIRECTOR – SUSTAINABLE INFRASTRUCTURE & PROJECT DEVELOPMENT

15+ Years in Renewable Energy, Waste Management & Agribusiness

Brings over 15 years of hands-on leadership in renewable energy, waste management, agribusiness infrastructure, and large-scale project development. Leads sustainability-linked projects, clean-energy transitions, infrastructure development, and practical on-ground project execution.

RENEWABLE ENERGY | WASTE MANAGEMENT | AGRIBUSINESS | PROJECT DEVELOPMENT

Faazil Ibrahim

DIRECTOR – STRATEGY, DIGITAL TRANSFORMATION & BUSINESS GROWTH

20+ Years Across GCC & South Asia Operations & Digital Strategy

Over 20 years of senior experience across customer success, business operations, digital strategy, and revenue growth in the GCC and South Asia. Connects strategy to execution through scalable operating models, BPO capability, customer experience design, digital transformation, and demand creation.

DIGITAL TRANSFORMATION | BUSINESS GROWTH | BPO OPERATIONS | CUSTOMER EXPERIENCE

Eardley Kern

DIRECTOR – CAPITAL MARKETS & INVESTMENT ADVISORY

32+ Years in Capital Markets, Financial Services & Corporate Performance

Over 32 years of executive leadership in capital markets and financial services, combining an investment and corporate-performance perspective with strategic marketing leadership. Strengthens funding strategy, investment readiness, financial-market insight, and board-level governance credibility.

CAPITAL MARKETS | INVESTMENT ADVISORY | CORPORATE PERFORMANCE | FINANCIAL SERVICES

INTEGRATED BOARD-LEVEL STEWARDSHIP

Together, our four directors cover the full commercial lifecycle—**Market Entry, Capital Structuring, Sustainable Infrastructure, and Digital & Operational Growth**—ensuring senior accountability from initial feasibility to full-scale operations.

SIX CONNECTED PRACTICE AREAS • PART I

INVESTMENT, M&A & SUSTAINABILITY

01 INVESTMENT, FEASIBILITY STUDY & MARKET ENTRY

GATEWAY & REGULATORY ADVISORY

Entering a new market requires clarity, local intelligence, and seamless coordination across government and regulatory bodies. We guide foreign and domestic investors from initial exploration to legal establishment and commercial launch in Sri Lanka.

- Market-entry strategy & commercial viability assessments
- Government, ministry & line-agency approvals & licensing
- Investment opportunity assessment & site selection
- Local representation & ongoing stakeholder engagement
- BOI (Board of Investment) & Port City Colombo advisory
- Company incorporation, secretarial & legal set-up
- Foreign investor support, visas & banking coordination
- Tax holiday & duty-free concession structuring

02 PROJECT DEVELOPMENT, MERGERS & ACQUISITIONS

STRUCTURING & CAPITAL ADVISORY

We transform high-potential concepts into bankable, investment-ready projects and guide corporate transactions with rigorous financial and strategic discipline across greenfield, brownfield, PPP, and cross-border M&A mandates.

- Comprehensive bankable feasibility studies & financial models
- End-to-end project structuring (PPP, BOT, BOO & private)
- JV & strategic local/international partner matchmaking
- Project management office (PMO) setup & execution oversight
- Investor-grade business plans, pitch decks & IMs
- Project financing facilitation & capital-market advisory
- Mergers & acquisitions (M&A) buy-side & sell-side advisory
- Valuation reviews & pre-transaction readiness

03 SUSTAINABILITY & ESG ADVISORY

CLIMATE, ESG & CLEAN ENERGY

As global supply chains, financiers, and regulators demand measurable sustainability performance, we help organisations embed Environmental, Social, and Governance (ESG) principles into their core strategy and daily operations.

- Corporate sustainability strategy & ESG framework design
- Sustainability reporting aligned with GRI & ISSB (IFRS S1/S2)
- Circular-economy solutions, waste-to-value & resource efficiency
- Organizational & product carbon-footprint (GHG) assessment
- Renewable-energy transition planning & green project advisory
- Sustainable supply chain assessments & UN SDG alignment

SIX CONNECTED PRACTICE AREAS • PART II

ISO SYSTEMS, BPO & DIGITAL GROWTH

04 CERTIFICATION & MANAGEMENT SYSTEMS

ISO READINESS & GOVERNANCE

International certifications unlock global markets, strengthen operational discipline, and build institutional trust. We provide end-to-end advisory and implementation support to prepare your organisation for successful third-party certification audits.

- **ISO 9001:** Quality Management Systems
- **ISO 45001:** Occupational Health & Safety
- **ISO 22301:** Business Continuity Management
- Gap assessments, policy/SOP drafting & internal auditor training
- **ISO 14001:** Environmental Management Systems
- **ISO 27001:** Information Security Management
- **ISO 22000 / HACCP:** Food Safety Management
- Pre-audit readiness reviews (accredited body issues final cert)

05 BPO SETUP & SHARED SERVICES SUPPORT

OFFSHORE & BACK-OFFICE OPERATIONS

Sri Lanka is a premier destination for Finance & Accounting, IT, Customer Experience, and Knowledge Process Outsourcing. We offer turnkey BPO setup and operational scaling for international companies building captive shared-service centres or outsourcing hubs.

- BPO feasibility studies, cost-benefit & operating-model design
- Talent acquisition strategy, recruitment & onboarding
- Quality assurance (QA) & KPI performance management
- Turnkey incorporation, BOI IT/BPO concessions & facility set-up
- End-to-end process mapping, SLA definition & SOPs
- Technology stack setup, IT infrastructure & data security

06 DIGITAL GROWTH & TECHNOLOGY

AI, CRM & DEMAND GENERATION

Modern enterprises need both robust technology infrastructure and high-performing digital demand engines. We combine strategic marketing, modern search visibility (SEO/AEO/GEO), software engineering, and enterprise IT support to accelerate top-line growth.

- Digital strategy, B2B/B2C demand & lead generation
- Search visibility across traditional & AI search (SEO / AEO / GEO)
- CRM implementation, marketing automation & pipeline setup
- Brand identity, corporate positioning & content strategy
- Custom website, web portal & enterprise app development
- Data analytics, BI dashboards, AI solutions & managed IT

DESTINATION SRI LANKA • STRATEGIC INVESTMENT GATEWAY

WHY SRI LANKA & THE FIVE-HUB VISION

Positioned at the centre of the Indian Ocean along the world's busiest East–West maritime trade route, **Sri Lanka** offers unmatched connectivity to South Asia, the Middle East, Africa, East Asia, and Europe. Combining deep-water ports, progressive special economic zones including **Colombo Port City**, an educated English-speaking workforce, and rich natural resources, Sri Lanka is uniquely positioned as a premier regional hub.

65,610 km²	445 × 225 km	27.5 °C	Since 1948
TOTAL LAND AREA	**LENGTH × WIDTH**	**MEAN TEMPERATURE**	**SOVEREIGN REPUBLIC**
Compact & resource-rich island	Rapid port-to-hinterland reach	Year-round tropical climate	Established commercial law

THE FIVE-HUB STRATEGIC FRAMEWORK

HUB 01
MARITIME HUB
Deep-water ports in Colombo, Hambantota & Trincomalee serving global East–West shipping lanes and transshipment.

HUB 02
AVIATION HUB
Expanding international air cargo and passenger connectivity linking South Asia, the GCC, Europe, and APAC.

HUB 03
COMMERCIAL HUB
Colombo Port City and modernised BOI regimes creating an international financial, offshore, and business centre.

HUB 04
ENERGY HUB
Abundant utility-scale solar, wind, hydro, and green-hydrogen potential driving clean-energy investment.

HUB 05
KNOWLEDGE HUB
High literacy, strong English proficiency, and a globally recognised accounting, IT, BPO, and engineering talent pool.

HIGH-POTENTIAL INVESTMENT SECTORS IN SRI LANKA

RENEWABLE ENERGY & CLEANTECH
Utility-scale solar, wind, biomass, mini-hydro, battery storage, and waste-to-energy projects backed by national targets.

BPO, IT & SHARED SERVICES
Finance & accounting, software engineering, AI data operations, and multilingual customer experience centres.

TOURISM & HOSPITALITY
Luxury eco-resorts, wellness tourism, integrated marinas, boutique hotels, and experiential travel infrastructure.

SUSTAINABLE AGRIBUSINESS
Value-added Ceylon tea, spices, coconut derivatives, aquaculture, cold-chain logistics, and organic food exports.

EXPORT MANUFACTURING
High-value apparel, rubber products, electronics assembly, boat building, and pharmaceutical manufacturing.

URBAN INFRASTRUCTURE
Commercial towers, mixed-use developments in Colombo Port City, industrial zones, and healthcare facilities.

INSTITUTIONAL NAVIGATION • REGULATORY CLEARANCES

INVESTOR FACILITATION & REGULATORY GATEWAY

Foreign and domestic investments in Sri Lanka require structured coordination across statutory agencies. Destination Consultancy manages the entire regulatory pathway—from project application to commercial licensing—eliminating administrative bottlenecks.

BOI BOARD OF INVESTMENT APPROVALS

Full lifecycle representation under Section 17 (special incentive regime) and Section 16 (normal law foreign investment entry) of the BOI Act.

- Investment application preparation, financial projections & submission
- Negotiation & execution of BOI Investment Agreements
- Customs duty-free import clearance for project capital goods
- Expatriate entry permits & residence visa recommendations

CPCC COLOMBO PORT CITY ADVISORY

Advisory for international businesses establishing offshore entities inside the Colombo Port City Special Economic Zone.

- Authorised Person (AP) licensing & offshore company registration
- Business of Strategic Importance (BSI) incentive structuring
- Designated foreign-currency banking & capital mobility setup
- Leasehold plot / commercial office space coordination

CBSL FOREIGN EXCHANGE & BANKING

Compliant capital inflow structuring under the Foreign Exchange Act and Central Bank of Sri Lanka (CBSL) directions.

- Inward Investment Account (IIA) opening with licensed banks
- Equity remittance, shareholder loan & repatriation structuring
- ROC eBiz company incorporation & corporate secretarial setup
- IRD tax registration (TIN, Corporate Income Tax, VAT, SVAT)

LINE LINE-MINISTRY & SECTOR APPROVALS

Multi-agency environmental, municipal, and sector-specific approvals required for physical project execution.

- Central Environmental Authority (CEA) IEE / EIA & EPL clearances
- Urban Development Authority (UDA) & local authority permits
- Sri Lanka Sustainable Energy Authority (SLSEA) & CEB approvals
- Sri Lanka Tourism Development Authority (SLTDA) licensing

Single-Window Execution Advantage: Rather than managing separate legal, engineering, environmental, and corporate consultants, investors rely on Destination Consultancy as a unified project management office (PMO) that coordinates every regulatory milestone from day one.

INDUSTRIES & PROJECTS • PRACTICAL EXECUTION

REPRESENTATIVE ADVISORY MANDATES

Because many of our advisory mandates involve sensitive cross-border investments, M&A transactions, and regulatory approvals, client identities are protected by strict confidentiality. Below is a representative portfolio of engagements across our six core industries.

01 • INFRASTRUCTURE & MIXED-USE DEVELOPMENT

Market Entry & Regulatory Structuring

Structured local incorporation, BOI application strategy, line-ministry approvals, and land/lease due diligence for a regional development consortium entering Sri Lanka.

BOI Advisory | Market Entry | Project Structuring

02 • RENEWABLE ENERGY & CLEAN TECH

Feasibility & Sustainability Framework

Delivered commercial feasibility modelling, environmental alignment, grid-connection coordination, and ESG reporting frameworks for a utility-scale solar and biomass initiative.

Feasibility Study | ESG & Carbon | Renewable Energy

03 • BPO & KNOWLEDGE SERVICES

Turnkey Shared-Services Center Setup

Designed the operating model, secured BOI IT/BPO concessions, established facility infrastructure, mapped SOPs, and guided initial talent recruitment for a GCC-backed support hub in Colombo.

BPO Setup | SOPs & QA | Recruitment

04 • EXPORT MANUFACTURING & INDUSTRIAL

Integrated ISO Management Systems Readiness

Conducted gap assessments, developed integrated manuals, trained internal auditor teams, and prepared an export manufacturer for successful ISO 9001, ISO 14001, and ISO 45001 certification audits.

ISO 9001 | ISO 14001 | ISO 45001

05 • TECHNOLOGY & DIGITAL ENTERPRISES

Digital Transformation & Demand Generation

Rebuilt corporate digital presence, implemented CRM pipeline automation, and deployed SEO, AEO, and GEO content strategies to expand international B2B inbound inquiries.

SEO / AEO / GEO | CRM Automation | Digital Strategy

06 • TOURISM & HOSPITALITY

Eco-Resort & Hospitality Investment Advisory

Advised foreign promoters on SLTDA approvals, environmental clearances, capital structuring, and sustainable operations for a boutique coastal hospitality asset.

SLTDA Approvals | Investment Advisory | Sustainability

LOOKING FOR INVESTMENT OPPORTUNITIES OR PROJECT MATCHMAKING?
We maintain an active pipeline of vetted Sri Lankan projects in renewable energy, hospitality, agribusiness, BPO, and manufacturing.
