CORPORATE OVERVIEW • WHO WE ARE

A MULTIDISCIPLINARY ADVISORY PARTNER

Destination Consultancy (Private) Limited is a premier, Sri Lanka-based multidisciplinary management and investment consultancy firm headquartered in the heart of Colombo. Positioned at the crossroads of South Asian commerce, we serve as a strategic bridge and execution partner for international investors, global corporations, development agencies, and ambitious domestic enterprises looking to establish, scale, or transform their operations in Sri Lanka and across the region.

Whether you are a foreign investor evaluating market entry under the **Board of Investment (BOI)** or **Colombo Port City** frameworks, an industrial leader aligning with international **ISO and ESG standards**, or a fast-growing business building a **BPO centre or digital growth engine**, Destination Consultancy provides integrated, end-to-end solutions under one roof.

OUR VISION

To be the most trusted strategic advisory and execution partner for sustainable investment, enterprise transformation, and cross-border business growth in Sri Lanka and the region.

OUR MISSION

To empower investors and enterprises with actionable intelligence, seamless regulatory navigation, sustainable frameworks, and end-to-end operational support—turning complex market opportunities into lasting commercial success.

OUR CORE PILLARS

STRATEGIC INSIGHT

Data-driven feasibility studies, market intelligence, and rigorous commercial structuring.

REGULATORY NAVIGATION

Direct coordination across BOI, Port City Colombo, and line ministries for seamless approvals.

HANDS-ON EXECUTION

We go beyond advisory—supporting incorporation, recruitment, setup, and operational launch.

GLOBAL STANDARDS

Aligning local enterprises with international ISO, ESG, and digital best practices.

HOW WE WORK • FROM FIRST CONVERSATION TO LONG-TERM OPERATIONS

01
DISCOVER

Understand your commercial objectives, market context, regulatory requirements, and operational priorities.

02
STRUCTURE

Design the optimal market-entry vehicle, project finance architecture, compliance framework, or operating model.

03
EXECUTE

Coordinate statutory approvals, legal documentation, local partners, facility implementation, and delivery milestones.

04
SCALE

Support ongoing operational optimisation, ISO/ESG governance, digital adoption, and long-term regional expansion.
